The Kaghan Memorial Trust

Providing Quality Education To Underprivileged Children

Who Are We?

- The Kaghan Memorial Trust (KMT) is a non-profit charitable Trust registered in Islamabad in the aftermath of the earthquake of October 2005.
- The Trustees of KMT are all members of civil society dedicated to providing a 'meaningful' and 'useful' education to disadvantaged children from underdeveloped regions of Pakistan.
- The Trust works largely on a volunteer model; the Trustees, Friends, Teachers, and half of the Head Office Staff of KMT, are all volunteers.

What do we do?

- We are building and operating a large school in the Kaghan Valley.
- This Kaghan Memorial School (KMS) offers free education of a high quality to the underprivileged children of Kaghan.
- Our goal is to provide these children with the education and the opportunities available to middle class children through private schools around Pakistan.
- KMS had an enrollment of 130 children in the 2009 Academic year. This student strength will expand by around 70 children each successive year until the school reaches its capacity of approximately 900 children in 11 years time.
- The school also provides the following additional facilities and services to its students free of cost:
 1. Daily lunches;
 2. Uniforms and winter warmers;
 3. Medical care and medical checks.
- We have built enough classrooms and allied facilities to accommodate our currently enrolled students.
- Construction work at the School will continue for several years as we raise funds to build additional structures to accommodate our increasing number of students, and to provide the facilities required for a good education.

How can you help?

- You can Sponsor a Child for an annual contribution of Pak. Rs. 42,000. This amount will cover the child's education, clothes, lunches and healthcare.
- You can sponsor the student meals at the School. Rs. 80,000 will pay for nutritional lunches for 200 children for 1 month. Though our child sponsorship fee includes the cost of meals, most children at the School are not sponsored as yet but we nevertheless cover the educational and meal expenses of each child by diverting funds from other budget heads as required. This option is for those donors who would rather pay to feed all the children than to sponsor a particular child. It also frees up finances for other services that we would like to offer to the children enrolled at KMS.
- You can sponsor the construction of a particular facility i.e. a classroom, a laboratory, a student cafeteria, a playground, a library, etc. Please contact us for information on the sponsorship costs of various planned buildings and facilities at the School.
- You can make a general donation to the Trust to help us with the School's operational and construction costs. We request that you also consider giving your Zakat to this worthy cause. We need all the support that we can get and any amount donated is sincerely appreciated.
